Introduction

The name and birthdate that appear on a birth certificate forms a unique numerical blueprint for the life of the individual. How well the individual expresses the numbers assigned to the name and birthdate is dependent upon their initial launching through their home environment, the structure and moral teachings of their parents, their level of education, and the breaks that one may or not receive on the path of life.

Any challenge, loss, or experience that shakes up your understanding of life, as you know it, should be regarded as an opportunity for growth. Not everyone responds in a positive way or makes the most out of a situation. It is your understanding and attitude of life that determines what is to be gained from the experience itself. It can be the beginning of your personal transformation into a higher realm of consciousness. The ultimate goal then is for each person to reach the apex of life, the cosmic consciousness.

Compound numbers that appear on the chart have a more in-depth meaning. Two of the eight most common compound numbers are considered to be Master numbers, the 11/2 and 22/4. The others are 19/1, 13/4, 14/5, 23/5, 16/7, and 18/9, all of which have a more intensified meaning because they are a compound number versus being a single digit. Double-digit numbers have specific characteristics that are dominated by that of a single-digit number it represents. The double-digit number intensifies certain aspects, and diminishes others, but it never eliminates any aspect completely.

Following is a personalized written explanation for each of the position numbers outlined in your chart and unique only to you. Odds are ten billion to one of anyone else having a chart identical to yours.

Your #3 Destiny = Entertainer, Creative Imagination

This is the mental aspect of you and the controlling factor in deciding what you chose to receive from experiences in this lifetime. It is what you are born to do, and the part you are to play on the stage of life, now and in the future. We are all born with a unique architectural blueprint that is derived from the birthname and birthdate. This blueprint also provides the discipline and the direction to fulfill the master plan. The destiny number remains the same all your life.

The #3 Destiny in life is to help people realize the magic power of cheerfulness and inspiration through their “creative imagination” and talents as an “entertainer”. Romance, beauty, the arts, and love are important elements of this vibration and in addition to being well suited for a partnership in marriage. Talents are in the areas of speaking, writing, acting, or any line of creative endeavor. The ability for self-expression and humor combined, draw financial and social success. There is the tendency to scatter energies, talent, emotions, and money, so try to maintain a balance in your life. Be careful how you handle your money and responsibilities because you have a tendency not to pay attention to your affairs or to be organized. Guard against being too critical, impatient, or

intolerant.

Your #1 Soul Desire (Also called “Heart’s Desire)

This is the emotional aspect of you and is the innermost desire of the heart calling out for you to seek to express yourself in this world. You should heed the call of this inner voice and act upon it. The Soul Desire is derived from the vowels of your birthname. These vowels are the reflection of the emotions, the way you feel about things, people, places and situations including how you view yourself and your life. Your emotions react to your environment in which you find yourself, based on the models you have established or set up for you, on that inner level. It is the inner you that interprets and expresses your emotional responses to people and the environment around you. Your vowels will confirm your dreams and reflect your Soul Desire.

The #1 Soul Desire is to be a true leader, self-reliant, very independent, and living life according to what you believe. This creative and original mind, and pioneer spirit that likes to be in charge, will naturally assume the lead and direct others rather than being a subordinate. In addition to leading, there is a need to cultivate diplomacy, patience, and tact, to avoid the appearance of being arrogant, dominating, and overdoing things. When committed, you are absolutely driven in your ability to endure and overcome difficult challenges in addition to being motivated to succeed due to a remarkable willpower. Be careful not to become ruthless in your decision making and behavior. If you become impatient and intolerant, you may become too dominant and unpopular. Express your ideas and plans with courtesy, graciousness, and sincerity, in order to be recognized as a respected leader.

The Soul Desire is to love deeply. Romance will remain faithful and enduring when the love is fully returned and the loved one lives up the standards of charm, cleverness and individuality. Be aware that pride, dignity, and reserve may not allow for acting or admitting to being romantic. Self-restraint is generally strong, giving the appearance of being cold and distant although the desire to love deeply and to be the head of the household is so important.

Your #1 Personality

Your Personality forms the first real impression that you make on others and is the physical aspect of you. It forms the outer self and is the total composite expressions of the etheric, the emotional, the intellectual, and the physical aspects that you will radiate to others. When you walk into a room, you will give off “first impressions” and give off “vibrations” which people will pick up and interpret. People tune in first to the “physical” appearance that comes “before” you make the “first” impression. It is human nature to judge a person from the personality,

which can lead to misunderstandings and even business failure. Keep in mind that a man or woman's personality is not the true self, nor does it represent the inner nature. Instead, it is the outer self, the presentation card when meeting others in social or business settings.

The Personality is derived from the consonants of your birthname. Your full name at birth shows your intuitive response, the vowels your emotional response, while the consonants define your physical response. The language of the consonants can provide clues as to the kind of clothes you would look best in, to the style of car that would appeal to you, to how you see others and how others see you.

The #1 Personality will make an outstanding impression on others as a leader with your very pleasant, persuasive, and confident manner. Be careful not to appear forceful or aggressive as this appearance can intimidate others. You are well groomed, dignified, and generally wear fashionable business suits/dresses, bright and cheerful, with your own unique style. Being overweight would directly contradict the image of the #1 Personality. Your taste in clothes should be in straight lines, loose, but well fitted accentuating your physique.

Your #11/2 Purpose (Master Number)

Your Purpose number reveals what your mission in life is. It will tell you specifically what you must do and be, not what you are or what you may desire to be. It specifies all the experiences that you will need as an individual to get the most out of your own life. Also known as the intuitive aspect, the purpose number reveals itself to you in the form of hunches that are different and are separate from your own thinking processes. This is the intuitive aspect of you, the higher, silent self, which is a part of you, your inner connection with the forces of the universe. The intuitive aspect is the part of you that knows about those things before you become aware of them. It is the link between your physical, emotional, and intellectual experiences, the super conscious mind.

The #2 Purpose in life is to play the role of peacemaker or diplomat. The key to your success is through working in close association with others, not by competing with them. The arts, music, museums, and libraries give you pleasure and opportunity. You possess great powers of cooperation, diplomacy, and subtle persuasion. You also have the talent for patience and handling of details. It is important to develop these assets to perfection if you want the best from life.

The #11/2 Purpose is a Master number and intended to be inspirational in nature to others. The "ones" represent the leadership of original and creative. Combined with the detail, diplomacy, and emotional energy of the #2 produces a very high-vibrational force.

Your #14/5 Life Goal

The Life Goal will manifest itself as a subtle influence that comes to the surface in the middle half of life. Its function is to give both hope and opportunity for continued purpose during your latter days and it is called the ultimate goal by some.

The #5 Life Goal promises great activity in the latter part of your life. The accent is on travel, variety, and freedom of thought and of action. You could shine as a writer or find success in the field of communication in such way to benefit mankind.

The #14/5 Life Goal is the number of change, variety, communication, and travel. The #1 implies the leadership of creative and original ideas and the highlight of the #5 is freedom and travel. Between them is the #4, which requires detail discipline, structure, and foundation. It produces some restrictions and in any kind of business venture, it represents risk and speculation.

Your #13/4 Personal Year

Your Personal Year is one of the most important tools in understanding and preparing for the true nature of events you are to experience during that year. The Personal Year clearly defines what can be expected, what to avoid, and the nature of your personal affairs to be experienced. This knowledge should be used in conjunction with that of the Birthdate numbers, and the Universal Years to show the correlation of all the events and responsibilities that exist between these factors.

The #4 Personal Year is for building a new foundation and making concrete plans for a more secure future by being organized and practical. Hard work, personal discipline, overcoming obstacles and limitations are the focus of this Personal Year. This is a good year to buy real estate, relocate, or remodel your home in addition to selling and trading. You may meet a partner this year, for the #4 year is one of getting your affairs in order and establishing new a new foundation. You really desire a partner who has the same goals as you do.

In addition, this is a practical year that requires you to “keep very focused” whether you want to or not. Organization, order, and a systematic approach are important in all that you do. Handle all business and legal matters from an efficient, organized, and stable position. Your success will come through being economical and practical rather than by depending on luck. It is important to have good health habits in this year of hard work. Especially watch health issues such as emotional, medical, dental, and get the needed rest to maintain good health. You must also accept all responsibility with grace if you want to enjoy the freedom and richer life that next year promises. This may be a slow period for your finances, so use common sense and be wise on how you spend your

money.

The #13/4 Personal Year is a more powerful expression of the #4. It combines the aggressive and masculine energy of leadership of the #1, and the creative energy of the #3. Their root number #4 adds the talent for detail, discipline, and the desire for building foundation in life. The right and successful use of this power can be used to form various foundations to benefit mankind.

The Pinnacles are like roadmaps that clearly show the path you are traveling on now or will be traveling on in your quest to find the ultimate soul fulfillment, the apex of life. Pinnacles are like the four seasons in life: summer, spring, autumn and winter.

The #1 Pinnacle marks the beginning of a new nine-year cycle in which you will now have a real chance to develop leadership, creativity, and your own originality of thought. As a first Pinnacle, this may be a very
