Introduction

The name and birthdate that appear on a birth certificate forms a unique numerical blueprint for the life of the individual. How well the individual expresses the numbers assigned to the name and birthdate is dependent upon their initial launching through their home environment, the structure and moral teachings of their parents, their level of education, and the breaks that one may or not receive on the path of life.

Any challenge, loss, or experience that shakes up your understanding of life, as you know it, should be regarded as an opportunity for growth. Not everyone responds in a positive way or makes the most out of a situation. It is your understanding and attitude of life that determines what is to be gained from the experience itself. It can be the beginning of your personal transformation into a higher realm of consciousness. The ultimate goal then is for each person to reach the apex of life, the cosmic consciousness.

Compound numbers that appear on the chart have a more in-depth meaning. Two of the eight most common compound numbers are considered to be Master numbers, the 11/2 and 22/4. The others are 19/1, 13/4, 14/5, 23/5, 16/7, and 18/9, all of which have a more intensified meaning because they are a compound number versus being a single digit. Double-digit numbers have specific characteristics that are dominated by that of a single-digit number it represents. The double-digit number intensifies certain aspects, and diminishes others, but it never eliminates any aspect completely.

Following is a personalized written explanation for each of the position numbers outlined in your chart and unique only to you. Odds are ten billion to one of anyone else having a chart identical to yours.

Your #11/2 Destiny (Master Number) = Peacemaker, Diplomat

This is the mental aspect of you and the controlling factor in deciding what you chose to receive from experiences in this lifetime. It is what you are born to do, and the part you are to play on the stage of life, now and in the future. We are all born with a unique architectural blueprint that is derived from the birthname and birthdate. This blueprint also provides the discipline and the direction to fulfill the master plan. The destiny number remains the same all your life.

The #2 Destiny was born to be a peacemaker and diplomat for mankind as your nature is indeed very sensitive, cooperative, and receptive. This is the partnership number that prefers to follow rather than being aggressive. The characteristics of the #2 enable you to maintain peace, which is natural to you. Intuitively you know what people feel and need in addition to being a master at dissolving misunderstandings. Goodwill toward others is your magic power for success, which comes from being able to work in close association with others, not in competing. Your talent for detail, combined with the desire to work to complete the plans of others, is inborn in you and accomplished through a cooperative spirit. The role of the #2 is being a catalyst for settling disputes and to mediate for a peaceful resolution.

The vibration also represents a “pair,” and is the perfect partner and companion, ensuring continual balance. Security, comfort, and the love of family are critical elements to the #2 Destiny. Possible career paths are in the areas of coaching, counseling, teaching, and medical. Be careful not to become so emotional or sensitive that talents are repressed by holding back from confrontation to save the peace and causing internal anger and resentment.

The #11/2 is a Master number, electrical in nature and intensified to a much higher level of nervous energy, idealism, and the aspiration to be in the limelight. Be careful not to become so emotional or sensitive that talents are repressed by holding back from confrontation to save the peace and causing internal anger and resentment. The “ones” represent two pillars of strength that include creativity, originality, desire for leadership, and the inventiveness of the #1. The nervous and emotional energy of the #2 vibration needs to be directed into a positive channel. Even young children with the #11/2 Destiny show early signs of wanting to be seen. Learn to depend on your intuition and inner guidance system. This Destiny belongs to the public in the capacity of a super diplomat or peacemaker. Develop talents working in the fields of TV, motion picture, radio, and literary fields.

Your #8 Soul Desire (Also called Heart’s Desire)

This is the emotional aspect of you and is the innermost desire of the heart calling out for you to seek to express yourself in this world. You should heed the call of this inner voice and act upon it. The Soul Desire is derived from the vowels of your birthname. These vowels are the reflection of the emotions, the way you feel about things, people, places and situations including how you view yourself and your life. Your emotions react to your environment in which you find yourself, based on the models you have established or set up for you, on that inner level. It is the inner you that interprets and expresses your emotional responses to people and the environment around you. Your vowels will confirm your dreams and reflect your Soul Desire.

The #8 Soul Desire is to gain power and success in life on all levels for this is a materialistic vibration. The perception is that money is necessary in order to get the most out of life. You have all the stamina, courage, and talents needed to be a successful business executive, leader or manager. The #8 requires a balance between the material and spiritual planes of life for the best results.

This Soul Desire belongs to the world of important endeavor. It seeks a strong and capable mate and wants its loved one to be equal to its ambition. It does not like weakness and lack of strength of character in others. It has a warm love-nature, but is often too busy to be romantic for long periods of time. Be careful not take the lead too positively in your love affairs for you can unconsciously drive others away by being too aggressive causing others to experience disillusionment.

Your #14/5 Personality

Your Personality forms the first real impression that you make on others and is the physical aspect of you. It forms the outer self and is the total composite expressions of the etheric, the emotional, the intellectual, and the physical aspects that you will radiate to others. When you walk into a room, you will give off “first impressions” and give off “vibrations” which people will pick up and interpret. People tune in first to the “physical” appearance that comes “before” you make the “first” impression. It is human nature to judge a person from the personality, which can lead to misunderstandings and even business failure. Keep in mind that a man or woman’s personality is not the true self, nor does it represent the inner nature. Instead, it is the outer self, the presentation card when meeting others in social or business settings.

The Personality is derived from the consonants of your birthname. Your full name at birth shows your intuitive response, the vowels your emotional response, while the consonants define your physical response. The language of the consonants can provide clues as to the kind of clothes you would look best in, to the style of car that would appeal to you, to how you see others and how others see you.

The #5 Personality is seen as a curious, free spirit, adventurous, versatile, and carefree personality who is always ready for a change. You charm people with your great sense of humor, sunny disposition, and vivid imagination while giving off magnetic and interesting vibrations which permanents around you. The desire to enjoy the now and face life fearlessly is very refreshing to those around you. Your clothes may appear flashy, so enhance your image by selecting a more appropriate style for the occasion. You are inclined to be up to date on your clothing selection at all times, versatile in selection but may go to extremes, just to be daring and in the limelight. You should not deliberately be flashy knowing the value of a good personality, stylishly expressed, modern, and fitting to the occasion.

The #14/5 vibration has all the traits of the #5 such as the desire for complete freedom, progress, change, variety, and to be happy. The #1 wants to express freedom and leadership with its creative and original ideas. The #1 and the #5 have between them the restrictions of the #4 that adheres to discipline, detail, and hard work. This feeling of being held back can create a sense of rebellion and disruption.

Your #13/4 Purpose

Your Purpose number reveals what your mission in life is. It will tell you specifically what you must do and be, not what you are or what you may desire to be. It specifies all the experiences that you will need as an individual to get the most out of your own life. Also known as the intuitive aspect, the purpose number reveals itself to you

in the form of hunches that are different and are separate from your own thinking processes. This is the intuitive aspect of you, the higher, silent self, which is a part of you, your inner connection with the forces of the universe. The intuitive aspect is the part of you that knows about those things before you become aware of them. It is the link between your physical, emotional, and intellectual experiences, the super conscious mind.

The #4 Purpose to give form to new ideas that are permanent and lasting for the benefit of mankind—the symbol of foundation and framework. The ideals of honesty, equality and straightforwardness are of second nature to you, thereby helping others by passing on your understanding to them. Your ability to establish system, order, and organization will bring you success in any field of management, as you are hardworking, dependable, and loyal which helps to instill confidence in those around you. As a builder, your fulfillment comes from hard work and determination. Professions are likely to be a mason, contractor or instructor because of their abilities as an organizer, manager, and supervisor.

The #13/4 Purpose is a very powerful expression of the root #4. It combines the aggressive and masculine energy of the #1 leader, and the creative energy of the #3. Their root #4 adds the talent for detail, discipline, structure, and foundation. The proper use of this combined power can be used to form foundations for the benefit of others.

Your #6 Life Goal

The Life Goal will manifest itself as a subtle influence that comes to the surface in the middle half of life. Its function is to give both hope and opportunity for continued purpose during your latter days and it is called the ultimate goal by some.

The #6 Life Goal is known as the cosmic parent, devoted to family and community services as a humanitarian. This vibration assures success to those who work for the betterment of mankind.

Your #3 Personal Year

Your Personal Year is one of the most important tools in understanding and preparing for the true nature of events you are to experience during that year. The Personal Year clearly defines what can be expected, what to avoid, and the nature of your personal affairs to be experienced. This knowledge should be used in conjunction with that of the Birthdate numbers, and the Universal Years to show the correlation of all the events and responsibilities that exist between these factors.

The #3 Personal Year is for self-expression, expansion, and growth. It is a time of heightened personal expression

such as taking up art, writing, and music or speaking but for sure, moving forward with your goals. The focus of this year is creation, education, travel, social activities, career and friendships, old and new. You are highly dynamic and charismatic so you may choose to let go of friendships that have become one-sided and a drain of your energy or those who don't contribute anything to your relationship. It's your success year with the fruition of all your energies and talents. It is the time to put ideas into reality. Plan the career you think will fulfill your greatest ambitions, talents, and dreams.

This will be a busy year for you with the chance of travel, making many new friends, finding a new romance and a good relationship, which will increase your popularity. This should also be a happy and outgoing year without feeling overburdened with responsibility. It is often a good financial year, particularly if your creativity is well directed. All good opportunities before you are dependent on your being cheerful and optimistic so you will want to surround yourself with upbeat and positive people. Try not to scatter your energies, money, or emotions. Either start or finish a project but take caution to finish one project at a time for the best results. Share your talents and joy with others. Health is generally good.

Cycles from Your #6 Birthdate

The Cycle numbers represent a combination of the final, reduced-down digit of the birth month, day, and year divided throughout your life into three major age spans as outlined in your Master chart under Cycles and Challenges. The Cycle numbers are important because they represent how you will feel internally during each of these age spans and the nature of your life experiences. The vibration of each cycle will last for the duration of that particular age span that you are in.

The #6 Cycle centers on responsibility and adjustment in the home and domestically. If the #6 were the last cycle, it would indicate a domestic life and community service.

Cycles from Your #3 Birthdate

The #3 Cycle is the time to be joyful, live life to the fullest, and develop any talent you may have. It is the number of romance, joy, ambition, and success.

Cycles from Your #2 Birthdate

The #2 Cycle is the period to be receptive and cooperative with others and is a partnership number that requires

you to become more tolerant and patient. It is important for you to avoid the tendency to be very emotional and sensitive. If the #2 appears as a first cycle, the young person may require counseling.

Your #3 Challenge

The Challenges show your strengths and weaknesses that you must deal with to become a more integrated and harmonious person. There are two “minor” Challenges, one “main” Challenge that is felt throughout your entire life, and the “third” and Last Challenge. If the “third” and Last Challenge is different from the “main” Challenge, then it is meant to give you more of a foundation during the later part of your life.

The #3 Challenge shows that you have artistic ability for writing, acting, or speaking that you will need to develop before you can become very successful. This challenge also requires that you develop yourself socially and verbally. Get involved in public affairs but avoid scattering your energies, efforts, and talents.

Your #1 Challenge

The #1 Challenge requires that you now develop self-reliance, willpower, and the desire to succeed. All feelings of revenge, belligerence, and resentment which may have resulted from being held back early in your life must now be overcome. Any acts of aggressiveness may bring you some experiences of humility.

Your #2 Challenge

The #2 Challenge represents sensitivity in your life. You must now learn how to develop self-confidence by using your own creative ideas. All your physical powers are inborn so try to develop them to the utmost. Avoid the tendency to become a “doormat” by developing a broad viewpoint. Be yourself by developing confidence in yourself. Use your own talents. Keep from vacillating to please others and accomplish nothing. Learn to trust your intuition and psychic powers that are inherent. Develop your own talents.

Your #4 Challenge

The #4 Challenge requires that you establish system and order in your life now. It is important not to allow family members to control you and to let life unfold naturally. You are meant to give form to your own ideas for the

benefit of others. Be careful not to be opinionated and stubborn as it can hold you back from success and moving forward in your life. Just let things flow naturally.

Your #9 Pinnacle

Pinnacles define the timing and the nature of the four major changes in your life. These periods of time are different for each individual since they are derived from the birthdate and year. The Pinnacles are like roadmaps that clearly show the path you are traveling on now or will be traveling on in your quest to find the ultimate soul fulfillment, the apex of life. Pinnacles are like the four seasons in life: summer, spring, autumn and winter.

The #9 Pinnacle is the completion number that brings the desire to give up some of your old thought patterns and habits. Some relationships may even end in order to stimulate new growth. The #9 also carries with it a talent for art, beauty, and a universal mentality. There is a lot of opportunity for business success including the full life that you desire once your lessons have been learned. As a first Pinnacle the #9 can be a very emotional time for you as a young person, due to facing many new challenges.

Your #5 Pinnacle

The #5 Pinnacle brings the desire for more freedom and change than any other time. Make the most of this unsettled time and be a part of the world. Include some travel in your plans to add excitement to your life. Working in the public arena is the best place for you during this period.

Your #14/5 Pinnacle

The #5 Pinnacle brings the desire for more freedom and change than any other time. Make the most of this unsettled time and be a part of the world. Include some travel in your plans to add excitement to your life. Working in the public arena is the best place for you during this period.

The #14/5 Pinnacle brings change, the chance for travel, and possibly a period of some resistance. The #1 brings leadership with new and creative ideas and the desire for freedom. The #4 centers on detail, structure, discipline, and foundation, thus causing conflict between the #1 and #4. The root #5 wants to express complete freedom, variety in life, and constant change. The #4 between the #1 and #5 brings a challenge to balance the different demands of these numbers that may cause disruption during this vibration.

Your #8 Pinnacle

The #8 Pinnacle is an excellent period for the success and financial gain that you want. It requires stamina, courage, ambition, and your constant effort. Careful management of the finances is important since success brings financial rewards and money can be lost as easily as it's earned.

Your #1 Soul Quality – Leadership/Pioneer

There are eight Soul Qualities listed in the Basic chart and each is assigned a numerical value based on a formula used to calculate the Soul Qualities.
