Introduction

The name and birthdate that appear on a birth certificate forms a unique numerical blueprint for the life of the individual. How well the individual expresses the numbers assigned to the name and birthdate is dependent upon their initial launching through their home environment, the structure and moral teachings of their parents, their level of education, and the breaks that one may or not receive on the path of life.

Any challenge, loss, or experience that shakes up your understanding of life, as you know it, should be regarded as an opportunity for growth. Not everyone responds in a positive way or makes the most out of a situation. It is your understanding and attitude of life that determines what is to be gained from the experience itself. It can be the beginning of your personal transformation into a higher realm of consciousness. The ultimate goal then is for each person to reach the apex of life, the cosmic consciousness.

Compound numbers that appear on the chart have a more in-depth meaning. Two of the eight most common compound numbers are considered to be Master numbers, the 11/2 and 22/4. The others are 19/1, 13/4, 14/5, 23/5, 16/7, and 18/9, all of which have a more intensified meaning because they are a compound number versus being a single digit. Double-digit numbers have specific characteristics that are dominated by that of a single-digit number it represents. The double-digit number intensifies certain aspects, and diminishes others, but it never eliminates any aspect completely.

Following is a personalized written explanation for each of the position numbers outlined in your chart and unique only to you. Odds are ten billion to one of anyone else having a chart identical to yours.

Your #9 Destiny = Humanitarian

This is the mental aspect of you and the controlling factor in deciding what you chose to receive from experiences in this lifetime. It is what you are born to do, and the part you are to play on the stage of life, now and in the future. We are all born with a unique architectural blueprint that is derived from the birthname and birthdate. This blueprint also provides the discipline and the direction to fulfill the master plan. The destiny number remains the same all your life.

The #9 Destiny is that of the humanitarian or spiritual dreamer who inspires others through his dedication and service to benefit mankind, not for personal gain. It is an energetic, impersonal, and emotional vibration in nature that works for the benefit of mankind. Other characteristics that add to success and happiness include tolerance, compassion, love, and understanding in addition to having learned forgiveness. Satisfaction from the soul is more important than materialistic rewards. Stay focused, as the greatest success will come from a public environment, versus smaller crowds. Teaching, healing, writing, music and art are all natural areas to pursue. Love, tolerance, compassion, understanding, and generosity are the keynotes to your success and happiness.

Your #6 Soul Desire (Also called Heart's Desire)

This is the emotional aspect of you and is the innermost desire of the heart calling out for you to seek to express yourself in this world. You should heed the call of this inner voice and act upon it. The Soul Desire is derived from the vowels of your birthname. These vowels are the reflection of the emotions, the way you feel about things, people, places and situations including how you view yourself and your life. Your emotions react to your environment in which you find yourself, based on the models you have established or set up for you, on that inner level. It is the inner you that interprets and expresses your emotional responses to people and the environment around you. Your vowels will confirm your dreams and reflect your Soul Desire.

The #6 inner Soul Desire represents harmony, beauty, truth, justice, and love. There is also a great desire as a humanitarian to give service to family and the community. Typically categorized as an idealist and an inspirational cosmic parent. Love, marriage and the need of a home and family environment are essential to you. Great success can be yours when learning to balance feelings and thinking, with intellect and emotions. Faithful to those you love, clinging to family standards and tradition. Be careful not to sacrifice yourself for love, family, or service. The desire to help family members and others can smother those you love, who in turn, feel trapped and forced to flee.

The #6 Soul Desire is the most idealistic in love and romance. Generally these people are very sensual, drawing others magnetically to them. The #6 is the most loving of all the numbers. Very protective, even possessive, the loved ones are showered with attention, gifts, and expressions of love but demand the expression of love and approval in return.

Your #9 Personality

Your Personality forms the first real impression that you make on others and is the physical aspect of you. It forms the outer self and is the total composite expressions of the etheric, the emotional, the intellectual, and the physical aspects that you will radiate to others. When you walk into a room, you will give off “first impressions” and give off “vibrations” which people will pick up and interpret. People tune in first to the “physical” appearance that comes “before” you make the “first” impression. It is human nature to judge a person from the personality, which can lead to misunderstandings and even business failure. Keep in mind that a man or woman’s personality is not the true self, nor does it represent the inner nature. Instead, it is the outer self, the presentation card when meeting others in social or business settings.

The Personality is derived from the consonants of your birthname. Your full name at birth shows your intuitive response, the vowels your emotional response, while the consonants define your physical response. The language of the consonants can provide clues as to the kind of clothes you would look best in, to the style of car that would appeal to you, to how you see others and how others see you.

*Numbers R U*SM

The #9 Personality is sincere, well balanced, truthful and noble and dedicated to the service of others—as a big brother or a big sister—generous, sympathetic, and a guardian of mankind. You are very much in control of the image you send out to others, as you are elegant, graceful, and charismatic. You may appear to be romantic and an idealist. You have a magnetic personality but sometimes lack the force to follow through in developing friendships. Try to improve your style in clothes by adding more color. You should never wear black but you often do, feeling that black is fashionable. However, you would go further with the use of color to better suit your magnetic personality.

Your #6 Purpose

Your Purpose number reveals what your mission in life is. It will tell you specifically what you must do and be, not what you are or what you may desire to be. It specifies all the experiences that you will need as an individual to get the most out of your own life. Also known as the intuitive aspect, the purpose number reveals itself to you in the form of hunches that are different and are separate from your own thinking processes. This is the intuitive aspect of you, the higher, silent self, which is a part of you, your inner connection with the forces of the universe. The intuitive aspect is the part of you that knows about those things before you become aware of them. It is the link between your physical, emotional, and intellectual experiences, the super conscious mind.

The #6 Purpose is to give comfort and service to others whether it is done in the home or out in the community. You are called the cosmic parent and your success will depend on how much you can do for others. The rewards will come through your service, love, and protection. The best things in life will be present when the thoughts are for the good of others in a broad and impersonal manner. You are inspirational to the people you serve.

Your #6 Mid-Life Goal

The Mid-Life Goal will manifest itself as a subtle influence that comes to the surface in the middle half of life. Its function is to give both hope and opportunity for continued purpose during your latter days and it is called the ultimate goal by some.

The #6 Mid-Life Goal is known as the cosmic parent, devoted to family and community services as a humanitarian. This vibration assures success to those who work for the betterment of mankind.

Your #1 Personal Year

Your Personal Year is one of the most important tools in understanding and preparing for the true nature of events you are to experience during that year. The Personal Year clearly defines what can be expected, what to avoid, and the nature of your personal affairs to be experienced. This knowledge should be used in conjunction with that of

www.NumbersRU.com

*Numbers R U*SM

the Birthdate numbers, and the Universal Years to show the correlation of all the events and responsibilities that exist between these factors.

The #1 Personal Year is getting ready for major changes as you are at a crossroad in your life and need to stay on target. Making new plans and taking action are the keynotes of #1 Personal Year for it marks the beginning of a new nine-year cycle. What you set in motion this year creates the foundation for the rest of the nine-year cycle. How hard you work, and the kind of foundation you build, will follow you throughout this cycle. This requires persistence and courage on your part since the next nine years will depend a great deal upon what you do now. This is the time to make all necessary changes for your future success and to decide exactly what you want out of life. Be aware that there may be some emotional turmoil in the first few months while you are in the thrust of making changes. As you move into the second half of the year you should see the decisions you've made materialize, and by the end of the year you will see the fruits of your labors begin to take place.

Your #1 1st Birthdate Cycle

The Cycle numbers represent a combination of the final, reduced-down digit of the birth month, day, and year divided throughout your life into three major age spans as outlined in your Master chart under Cycles and Challenges. The Cycle numbers are important because they represent how you will feel internally during each of these age spans and the nature of your life experiences. The vibration of each cycle will last for the duration of that particular age span that you are in.

The #1 Cycle requires that you develop your individuality to the utmost. It is important to be independent and rely on your own resources for a lot is expected of you, especially if it's your first cycle. Likewise, it is important to develop your creative talent and your original and inventive ideas.

Your #2 2nd Birthdate Cycle

The #2 Cycle is the period to be receptive and cooperative with others and is a partnership number that requires you to become more tolerant and patient. It is important for you to avoid the tendency to be very emotional and sensitive. If the #2 appears as a first cycle, the young person may require counseling.

Your #6 3rd and Last Birthdate Cycle

The #6 Cycle centers on responsibility and adjustment in the home and domestically. If the #6 were the last cycle, it would indicate a domestic life and community service.

Your #1 1st Minor Challenge

www.NumbersRU.com

*Numbers R U*SM

The Challenges show your strengths and weaknesses that you must deal with to become a more integrated and harmonious person. There are two “minor” Challenges, one “main” Challenge that is felt throughout your entire life, and the “third” and Last Challenge. If the “third” and Last Challenge is different from the “main” Challenge, then it is meant to give you more of a foundation during the later part of your life.

The #1 Challenge requires that you now develop self-reliance, willpower, and the desire to succeed. All feelings of revenge, belligerence, and resentment which may have resulted from being held back early in your life must now be overcome. Any acts of aggressiveness may bring you some experiences of humility.

Your #4 2nd Minor Challenge

The #4 Challenge requires that you establish system and order in your life now. It is important not to allow family members to control you and to let life unfold naturally. You are meant to give form to your own ideas for the benefit of others. Be careful not to be opinionated and stubborn as it can hold you back from success and moving forward in your life. Just let things flow naturally.

Your #3 3rd and Last Minor Challenge

The #3 Challenge shows that you have artistic ability for writing, acting, or speaking that you will need to develop before you can become very successful. This challenge also requires that you develop yourself socially and verbally. Get involved in public affairs but avoid scattering your energies, efforts, and talents.

Your #5 Main Challenge (Birth to Death)

The #5 Challenge calls for the proper use of freedom in your life, both for yourself and for others. Do not seek freedom in order to avoid responsibilities or freedom at any price. You must learn to discard the old for the new and let go. If you allow restlessness to control your life, real success may never be fully achieved. Though you resist all confinement, you still need to build solid foundation. An increased interest in sex or other indulgences can lead to impulsive behavior. Travel, change, and having variety in life make this an exciting time. The right use of your desire for freedom can make you successful in promotion, advertising, travel or public relations.

Your #3 1st Pinnacle

Pinnacles define the timing and the nature of the four major changes in your life. These periods of time are different for each individual since they are derived from the birthdate and year. The Pinnacles are like roadmaps that clearly show the path you are traveling on now or will be traveling on in your quest to find the ultimate soul

*Numbers R U*SM

fulfillment, the apex of life. Pinnacles are like the four seasons in life: summer, spring, autumn and winter.

The #3 Pinnacle gives you the grand opportunity to express your creative ability now more than ever before. A new energy force is operating in your life to bring you happiness and success.

Your #8 2nd Pinnacle

The #8 Pinnacle is an excellent period for the success and financial gain that you want. It requires stamina, courage, ambition, and your constant effort. Careful management of the finances is important since success brings financial rewards and money can be lost as easily as it's earned.

Your #11/2 3rd Pinnacle

The #11/2 Pinnacle is the time to open up the consciousness for spiritual growth. The “ones” stand for two pillars of strength, leadership of original and creative ideas. The “ones”, plus the emotional and nervous energy of the #2, combine to make this a very electrical period of time. For the very talented person, this is a good time to be in the limelight.

Your #7 4th and Last Pinnacle

The #7 Pinnacle should be centered on spiritual growth, the search for more knowledge, and to understand all the deeper forces of the universe. This is not the best time for marriage unless the lessons of life have been learned. If the #7 appears as a first Pinnacle, the young person will need good nutrition, education, and lots of understanding from the parents.

Your #1 Soul Quality = 5+ Leadership/Pioneer/Originality

There are eight Soul Qualities listed in the Basic chart and each is assigned a numerical value based on a formula used to calculate the Soul Qualities. These numbers indicate if the particular Soul Quality has already been developed and to what degree or if it is an area that must be developed in order to achieve your highest potential in this lifetime. Soul Qualities, #1, #3 and #5 will have a normal value of “3” while Soul Qualities #2, #4, #6, #7 and #8 will have a normal value of “1”.

A “0-” value on any Soul Quality means the person has a Karmic lesson to learn. A Soul Quality assigned a number value with a “+” means that the person has been developing this quality and exceeds the normal value indicated. A Soul Quality assigned a number value followed by a “-” means the person has not yet reached the particular level of understanding for that Soul Quality and has more work to do in that area in order to achieve

*Numbers R U*SM

balance and full potential.

The #1 Soul Quality is a leader, the self-reliant pioneer who has creative and original ideas, a good sense of humor, and likes to be the boss. A “0-” or “less” than the normal value means you will need to develop yourself through your own efforts, abilities and drive in order for you to succeed as a leader paving the roads for others to follow. For Soul Quality #1, the standard rating number is a “3” so anything higher than a “3+” would indicate you came into this lifetime with above average leadership skills.

Your #2 Soul Quality = 0- Diplomat/Peacemaker/Sensitive

The #2 Soul Quality is a cooperative, sensitive, and nonaggressive vibration which thrives in a partnership. The #2 is known for detail, the collection of data and for its physic ability. A “0-” on the #2 Soul Quality shows that you are overly sensitive, submissive, unable to speak your truth and avoid confrontation. For Soul Quality #2, the standard rating number is a “1” so anything higher than a “1+” would indicate you came into this lifetime to develop yourself in this area which is the most difficult development area for personal growth of the eight Soul Qualities.

Your #3 Soul Quality = 2- Entertainer/Creative Imagination

The #3 Soul Quality gives you the inborn desire to express yourself through creative channels. You are romantic, social, and ambitious with the tendency to “scatter” your energies. A “0-” or “less” than the normal value will indicate the need for you to develop yourself socially, verbally, and also in a creative way for these traits are lacking. For Soul Quality #3, the standard rating number is a “3” so anything higher than a “3+” would indicate you came into this lifetime with more talent and creativity whether you develop your creativity or not.

Your #4 Soul Quality = 1 Builder of Structure/Foundation

The #4 Soul Quality signifies the “builder” whose purpose is to form new ideas for the benefit of others. You are loyal, hardworking, detail oriented and good in management. A “0-” means that you must strive to build a solid foundation in your life through hard work. For Soul Quality #4, the standard rating number is a “1” so anything higher than a “1+” would indicate being more conservative, and wanting to play it safer in making decisions since stability and financial security is a priority.

Your #5 Soul Quality = 6+ Freedom Lover/Progressive Thinker

The #5 Soul Quality represents the desire for freedom, movement, change, travel, progress, communication and curiosity to make this “the” sparkling vibration. A “0-” or “less” than the normal value means you must learn to

www.NumbersRU.com

*Numbers R U*SM

respond, adapt and work to be a part of the world while maintaining balance in your life—balancing your “freedom” with your “responsibilities”. For Soul Quality #5, the standard rating number is a “3” so anything higher than a “3+” would indicate the desire for change, freedom and travel but yet requiring grounding so not to spin out of control.

Your #6 Soul Quality = 1 Domestic/Caregiver/Counselor

The #6 Soul Quality is a domestic vibration devoted primarily to partnerships, family, home, and service to the community. These combinations including artistic talent make this a very magnetic vibration. A “0-” means that you must strive for a good balance between your emotions and intellect, learn about service to others, and to adapt and respond to challenges. For Soul Quality #6, the standard rating number is a “1” so anything higher than a “1+” would indicate the desire to go overboard with caregiving to please others while feeling burdened for taking on the responsibility; thus, the need to maintain balance in taking care of self vs others which is critical for the caregiver who assumes that role.

Your #7 Soul Quality = 0- Educator/Intellectual/Analytical

The #7 Soul Quality is an intellectual vibration which is reserved, selective, aloof, analytical, hermit-like and also magnetic. A “0-” suggests that you must develop your technical skills and seek a deeper meaning in your life to know what real faith is all about. Creativity and fitness will help to balance out the intellectual mind so this individual can develop social skills to maintain a more domestic balance in life. For Soul Quality #7, the standard rating number is a “1” so anything higher than a “1+” would indicate the level of intelligence. A Soul Quality #7 with a “2+” or higher indicates a higher than normal intelligence.

Your #8 Soul Quality = 0- Ambition/Success/Balance

The #8 Soul Quality is about compassion, sound judgment, ambition, and a desire for fame and success, making this an energetic vibration. A “0-” shows that you must assume all responsibility for your life and learn all there is about money—learn how to make money and how to manage money. In addition, you will need to work on balancing the “spiritual” and “material” planes in order to bring about harmony in your life. For Soul Quality #8, the standard rating number is a “1” so anything higher than a “1+” would indicate you are above normal in achieving success. If the number is higher than a “1” and you have not achieved your financial goals, it is the result of the decisions you’ve made that prevented you from succeeding.
