Introduction

The name and birthdate that appear on a birth certificate forms a unique numerical blueprint for the life of the individual. How well the individual expresses the numbers assigned to the name and birthdate is dependent upon their initial launching through their home environment, the structure and moral teachings of their parents, their level of education, and the breaks that one may or not receive on the path of life.

Any challenge, loss, or experience that shakes up your understanding of life, as you know it, should be regarded as an opportunity for growth. Not everyone responds in a positive way or makes the most out of a situation. It is your understanding and attitude of life that determines what is to be gained from the experience itself. It can be the beginning of your personal transformation into a higher realm of consciousness. The ultimate goal then is for each person to reach the apex of life, the cosmic consciousness.

Compound numbers that appear on the chart have a more in-depth meaning. Two of the eight most common compound numbers are considered to be Master numbers, the 11/2 and 22/4. The others are 19/1, 13/4, 14/5, 23/5, 16/7, and 18/9, all of which have a more intensified meaning because they are a compound number versus being a single digit. Double-digit numbers have specific characteristics that are dominated by that of a single-digit number it represents. The double-digit number intensifies certain aspects, and diminishes others, but it never eliminates any aspect completely.

Following is a personalized written explanation for each of the position numbers outlined in your chart and unique only to you. Odds are ten billion to one of anyone else having a chart identical to yours.

Your #11/2 Destiny (Master Number) = Peacemaker, Diplomat

This is the mental aspect of you and the controlling factor in deciding what you chose to receive from experiences in this lifetime. It is what you are born to do, and the part you are to play on the stage of life, now and in the future. We are all born with a unique architectural blueprint that is derived from the birthname and birthdate. This blueprint also provides the discipline and the direction to fulfill the master plan. The destiny number remains the same all your life.

The #11/2 is a Master number, electrical in nature and intensified to a much higher level of nervous energy, idealism, and the aspiration to be in the limelight. Be careful not to become so emotional or sensitive that talents are repressed by holding back from confrontation to save the peace and causing internal anger and resentment. The “ones” represent two pillars of strength that include creativity, originality, desire for leadership, and the inventiveness of the #1. The nervous and emotional energy of the #2 vibration needs to be directed into a positive channel. Learn to depend on your intuition and inner guidance system. This Destiny belongs to the public in the capacity of a super diplomat or peacemaker. Develop talents working in the fields of TV, motion picture, radio, and literary fields.

Your #8 Soul Desire (Also called Heart's Desire)

This is the emotional aspect of you and is the innermost desire of the heart calling out for you to seek to express yourself in this world. You should heed the call of this inner voice and act upon it. The Soul Desire is derived from the vowels of your birthname. These vowels are the reflection of the emotions, the way you feel about things, people, places and situations including how you view yourself and your life. Your emotions react to your environment in which you find yourself, based on the models you have established or set up for you, on that inner level. It is the inner you that interprets and expresses your emotional responses to people and the environment around you. Your vowels will confirm your dreams and reflect your Soul Desire.

The #8 Soul Desire is to gain power and success in life on all levels for this is a materialistic vibration. The perception is that money is necessary in order to get the most out of life. You have all the stamina, courage, and talents needed to be a successful business executive, leader or manager. The #8 requires a balance between the material and spiritual planes of life for the best results.

This Soul Desire belongs to the world of important endeavor. It seeks a strong and capable mate and wants its loved one to be equal to its ambition. It does not like weakness and lack of strength of character in others. It has a warm love-nature, but is often too busy to be romantic for long periods of time. Be careful not take the lead too positively in your love affairs for you can unconsciously drive others away by being too aggressive causing others to experience disillusionment.

Your #14/5 Personality

Your Personality forms the first real impression that you make on others and is the physical aspect of you. It forms the outer self and is the total composite expressions of the etheric, the emotional, the intellectual, and the physical aspects that you will radiate to others. When you walk into a room, you will give off “first impressions” and give off “vibrations” which people will pick up and interpret. People tune in first to the “physical” appearance that comes “before” you make the “first” impression. It is human nature to judge a person from the personality, which can lead to misunderstandings and even business failure. Keep in mind that a man or woman’s personality is not the true self, nor does it represent the inner nature. Instead, it is the outer self, the presentation card when meeting others in social or business settings.

The Personality is derived from the consonants of your birthname. Your full name at birth shows your intuitive response, the vowels your emotional response, while the consonants define your physical response. The language of the consonants can provide clues as to the kind of clothes you would look best in, to the style of car that would appeal to you, to how you see others and how others see you.

The #14/5 vibration has all the traits of the #5 such as the desire for complete freedom, progress, change, variety, and to be happy. The #1 wants to express freedom and leadership with its creative and original ideas. The #1 and the #5 have between them the restrictions of the #4 that adheres to discipline, detail, and hard work. This feeling of being held back can create a sense of rebellion and disruption.

Your #13/4 Purpose

Your Purpose number reveals what your mission in life is. It will tell you specifically what you must do and be, not what you are or what you may desire to be. It specifies all the experiences that you will need as an individual to get the most out of your own life. Also known as the intuitive aspect, the purpose number reveals itself to you in the form of hunches that are different and are separate from your own thinking processes. This is the intuitive aspect of you, the higher, silent self, which is a part of you, your inner connection with the forces of the universe. The intuitive aspect is the part of you that knows about those things before you become aware of them. It is the link between your physical, emotional, and intellectual experiences, the super conscious mind.

The #13/4 Purpose is a very powerful expression of the root #4. It combines the aggressive and masculine energy of the #1 leader, and the creative energy of the #3. Their root #4 adds the talent for detail, discipline, structure, and foundation. The proper use of this combined power can be used to form foundations for the benefit of others.

Your #6 Mid-Life Goal

The Mid-Life Goal will manifest itself as a subtle influence that comes to the surface in the middle half of life. Its function is to give both hope and opportunity for continued purpose during your latter days and it is called the ultimate goal by some.

The #6 Mid-Life Goal is known as the cosmic parent, devoted to family and community services as a humanitarian. This vibration assures success to those who work for the betterment of mankind.

Your #16/7 Personal Year

Your Personal Year is one of the most important tools in understanding and preparing for the true nature of events you are to experience during that year. The Personal Year clearly defines what can be expected, what to avoid, and the nature of your personal affairs to be experienced. This knowledge should be used in conjunction with that of the Birthdate numbers, and the Universal Years to show the correlation of all the events and responsibilities that exist between these factors.

The #16/7 vibration is a year of mental house cleaning and spiritual growth. It is a good time for introspection and

spiritual growth as you may experience less physical energy because of the increased mental activity. The #16/7 is considered a karmic year with lessons to be learned, so it is important to live through any disruptive experience with grace and tolerance. Go through this time with grace knowing it is for your higher self and inner growth to avoid the feeling of being depressed. It is not a good vibration for marriage.

Your #6 1st Birthdate Cycle

The Cycle numbers represent a combination of the final, reduced-down digit of the birth month, day, and year divided throughout your life into three major age spans as outlined in your Master chart under Cycles and Challenges. The Cycle numbers are important because they represent how you will feel internally during each of these age spans and the nature of your life experiences. The vibration of each cycle will last for the duration of that particular age span that you are in.

The #6 Cycle centers on responsibility and adjustment in the home and domestically. If the #6 were the last cycle, it would indicate a domestic life and community service.

Your #3 2nd Birthdate Cycle

The #3 Cycle is the time to be joyful, live life to the fullest, and develop any talent you may have. It is the number of romance, joy, ambition, and success.

Your #2 3rd and Last Birthdate Cycle

The #2 Cycle is the period to be receptive and cooperative with others and is a partnership number that requires you to become more tolerant and patient. It is important for you to avoid the tendency to be very emotional and sensitive. If the #2 appears as a first cycle, the young person may require counseling.

Your #3 1st Minor Challenge

The Challenges show your strengths and weaknesses that you must deal with to become a more integrated and harmonious person. There are two “minor” Challenges, one “main” Challenge that is felt throughout your entire life, and the “third” and Last Challenge. If the “third” and Last Challenge is different from the “main” Challenge, then it is meant to give you more of a foundation during the later part of your life.

The #3 Challenge shows that you have artistic ability for writing, acting, or speaking that you will need to develop before you can become very successful. This challenge also requires that you develop yourself socially and verbally. Get involved in public affairs but avoid scattering your energies, efforts, and talents.

*Numbers R U*SM

Your #1 2nd Minor Challenge

The #1 Challenge requires that you now develop self-reliance, willpower, and the desire to succeed. All feelings of revenge, belligerence, and resentment which may have resulted from being held back early in your life must now be overcome. Any acts of aggressiveness may bring you some experiences of humility.

Your #2 3rd and Last Minor Challenge

The #2 Challenge represents sensitivity in your life. You must now learn how to develop self-confidence by using your own creative ideas. All your psychic powers are inborn so try to develop them to the utmost. Avoid the tendency to become a “doormat” by developing a broad viewpoint. Be yourself by developing confidence in yourself. Use your own talents. Keep from vacillating to please others and accomplish nothing. Learn to trust your intuition and psychic powers that are inherent. Develop your own talents.

Your #4 Main Challenge (Birth to Death)

The #4 Challenge requires that you establish system and order in your life now. It is important not to allow family members to control you and to let life unfold naturally. You are meant to give form to your own ideas for the benefit of others. Be careful not to be opinionated and stubborn as it can hold you back from success and moving forward in your life. Just let things flow naturally.

Your #9 1st Pinnacle

Pinnacles define the timing and the nature of the four major changes in your life. These periods of time are different for each individual since they are derived from the birthdate and year. The Pinnacles are like roadmaps that clearly show the path you are traveling on now or will be traveling on in your quest to find the ultimate soul fulfillment, the apex of life. Pinnacles are like the four seasons in life: summer, spring, autumn and winter.

The #9 Pinnacle is the completion number that brings the desire to give up some of your old thought patterns and habits. Some relationships may even end in order to stimulate new growth. The #9 also carries with it a talent for art, beauty, and a universal mentality. There is a lot of opportunity for business success including the full life that you desire once your lessons have been learned. As a first Pinnacle the #9 can be a very emotional time for you as a young person, due to facing many new challenges.

Your #5 2nd Pinnacle

www.NumbersRU.com

*Numbers R U*SM

The #5 Pinnacle brings the desire for more freedom and change than any other time. Make the most of this unsettled time and be a part of the world. Include some travel in your plans to add excitement to your life. Working in the public arena is the best place for you during this period.

Your #14/5 3rd Pinnacle

The #14/5 Pinnacle brings change, the chance for travel, and possibly a period of some resistance. The #1 brings leadership with new and creative ideas and the desire for freedom. The #4 centers on detail, structure, discipline, and foundation, thus causing conflict between the #1 and #4. The root #5 wants to express complete freedom, variety in life, and constant change. The #4 between the #1 and #5 brings a challenge to balance the different demands of these numbers that may cause disruption during this vibration.

Your #8 4th and Last Pinnacle

The #8 Pinnacle is an excellent period for the success and financial gain that you want. It requires stamina, courage, ambition, and your constant effort. Careful management of the finances is important since success brings financial rewards and money can be lost as easily as it's earned.

Your #1 Soul Quality = 7+ Leadership/Pioneer/Originality

There are eight Soul Qualities listed in the Basic chart and each is assigned a numerical value based on a formula used to calculate the Soul Qualities. These numbers indicate if the particular Soul Quality has already been developed and to what degree or if it is an area that must be developed in order to achieve your highest potential in this lifetime. Soul Qualities, #1, #3 and #5 will have a normal value of "3" while Soul Qualities #2, #4, #6, #7 and #8 will have a normal value of "1".

A "0-" value on any Soul Quality means the person has a Karmic lesson to learn. A Soul Quality assigned a number value with a "+" means that the person has been developing this quality and exceeds the normal value indicated. A Soul Quality assigned a number value followed by a "-" means the person has not yet reached the particular level of understanding for that Soul Quality and has more work to do in that area in order to achieve balance and full potential.

The #1 Soul Quality is a leader, the self-reliant pioneer who has creative and original ideas, a good sense of humor, and likes to be the boss. A "0-" or "less" than the normal value means you will need to develop yourself through your own efforts, abilities and drive in order for you to succeed as a leader paving the roads for others to follow. For Soul Quality #1, the standard rating number is a "3" so anything higher than a "3+" would indicate you came into this lifetime with above average leadership skills.

*Numbers R U*SM

Your #2 Soul Quality = 2+ Diplomat/Peacemaker/Sensitive

The #2 Soul Quality is a cooperative, sensitive, and nonaggressive vibration which thrives in a partnership. The #2 is known for detail, the collection of data and for its physic ability. A “0-” on the #2 Soul Quality shows that you are overly sensitive, submissive, unable to speak your truth and avoid confrontation. For Soul Quality #2, the standard rating number is a “1” so anything higher than a “1+” would indicate you came into this lifetime to develop yourself in this area which is the most difficult development area for personal growth of the eight Soul Qualities.

Your #3 Soul Quality = 5+ Entertainer/Creative Imagination

The #3 Soul Quality gives you the inborn desire to express yourself through creative channels. You are romantic, social, and ambitious with the tendency to “scatter” your energies. A “0-” or “less” than the normal value will indicate the need for you to develop yourself socially, verbally, and also in a creative way for these traits are lacking. For Soul Quality #3, the standard rating number is a “3” so anything higher than a “3+” would indicate you came into this lifetime with more talent and creativity whether you develop your creativity or not.

Your #4 Soul Quality = 2+ Builder of Structure/Foundation

The #4 Soul Quality signifies the “builder” whose purpose is to form new ideas for the benefit of others. You are loyal, hardworking, detail oriented and good in management. A “0-” means that you must strive to build a solid foundation in your life through hard work. For Soul Quality #4, the standard rating number is a “1” so anything higher than a “1+” would indicate being more conservative, and wanting to play it safer in making decisions since stability and financial security is a priority.

Your #5 Soul Quality = 2- Freedom Lover/Progressive Thinker

The #5 Soul Quality represents the desire for freedom, movement, change, travel, progress, communication and curiosity to make this “the” sparkling vibration. A “0-” or “less” than the normal value means you must learn to respond, adapt and work to be a part of the world while maintaining balance in your life—balancing your “freedom” with your “responsibilities”. For Soul Quality #5, the standard rating number is a “3” so anything higher than a “3+” would indicate the desire for change, freedom and travel but yet requiring grounding so not to spin out of control.

Your #6 Soul Quality = 3+ Domestic/Caregiver/Counselor

www.NumbersRU.com

*Numbers R U*SM

The #6 Soul Quality is a domestic vibration devoted primarily to partnerships, family, home, and service to the community. These combinations including artistic talent make this a very magnetic vibration. A “0-” means that you must strive for a good balance between your emotions and intellect, learn about service to others, and to adapt and respond to challenges. For Soul Quality #6, the standard rating number is a “1” so anything higher than a “1+” would indicate the desire to go overboard with caregiving to please others while feeling burdened for taking on the responsibility; thus, the need to maintain balance in taking care of self vs others which is critical for the caregiver who assumes that role.

Your #7 Soul Quality = 1 Educator/Intellectual/Analytical

The #7 Soul Quality is an intellectual vibration which is reserved, selective, aloof, analytical, hermit-like and also magnetic. A “0-” suggests that you must develop your technical skills and seek a deeper meaning in your life to know what real faith is all about. Creativity and fitness will help to balance out the intellectual mind so this individual can develop social skills to maintain a more domestic balance in life. For Soul Quality #7, the standard rating number is a “1” so anything higher than a “1+” would indicate the level of intelligence. A Soul Quality #7 with a “2+” or higher indicates a higher than normal intelligence.

Your #8 Soul Quality = 2+ Ambition/Success/Balance

The #8 Soul Quality is about compassion, sound judgment, ambition, and a desire for fame and success, making this an energetic vibration. A “0-” shows that you must assume all responsibility for your life and learn all there is about money—learn how to make money and how to manage money. In addition, you will need to work on balancing the “spiritual” and “material” planes in order to bring about harmony in your life. For Soul Quality #8, the standard rating number is a “1” so anything higher than a “1+” would indicate you are above normal in achieving success. If the number is higher than a “1” and you have not achieved your financial goals, it is the result of the decisions you’ve made that prevented you from succeeding.
